

This architectural floor plan illustrates a comprehensive layout for a residential building, featuring a mix of indoor and outdoor living spaces. The plan is meticulously detailed with room names, dimensions, and architectural specifications.

Key Rooms and Features:

- Garage:** A large, enclosed space for vehicle storage.
- Mudroom:** A transitional space with a bench and closet.
- Powder:** A small, convenient bathroom.
- Kitchen:** Equipped with a large island, sink, and stove.
- Dining Room:** Features a large table and chairs, with a view to the rear porch.
- Family Room:** A spacious area with a fireplace and access to the rear porch.
- Great Room:** A large, open-plan living area with a fireplace and access to the rear porch.
- Library:** A quiet space for reading, featuring bookshelves and a fireplace.
- Bar:** A social area with a built-in bar and stools.
- Steam:** A dedicated space for steam therapy.
- His Bath:** A bathroom for the male occupant, featuring a shower and vanity.
- Vestibule:** An entrance area with a curved wall and built-in furniture.
- Master Bedroom:** A large, private bedroom with a curved wall and access to a private porch.
- Her Bath:** A bathroom for the female occupant, featuring a shower and vanity.
- W.C.:** A water closet or toilet room.
- Entry Hall:** A central hub for the main floor, featuring a staircase and built-in furniture.
- Butler's Pantry:** A small, convenient space for food preparation and storage.
- Closets:** Multiple closets, including a large closet for the master bedroom and a closet for the library.
- Pantries:** A butler's pantry and a small pantry near the kitchen.
- Porches:** A rear dining porch, a rear porch, and a front porch.
- Stairs:** Stairs leading up and down from the main floor.
- Architectural Details:** The plan includes numerous annotations for doors, windows, fireplaces, and built-in furniture.

The plan is a detailed technical drawing, providing a clear and comprehensive view of the proposed building's layout and design.
