Lot Dimensions: 32x100  
Building Dimensions: 18x31

East New York Gem, this awesome one family house with a finished basement is just perfect. The brand new modern kitchen has cherry wood cabinets, stainless steel appliances, granite floors and counter tops; this kitchen is top of the line. There is a lovely dining alcove which overlooks the windowed living room. This living room has a decorative fireplace, cherry wood floors and a large east facing window. Let me not forget the conveniently located powder room on the main floor, which has marble floors and contemporary fixtures. Up the oak stairway to the second story, which has three nice sized bedrooms all with windows and great closet space, on the second story there is also full bathroom. And there is more, a finished basement with 2 rooms for one's personal hideaway and a playroom or whatever you would like. There is also a laundry room with new front loading washer and dryer. Lastly this "East New York Gem" is located on a large corner lot, so there is a front yard, side yard and back yard...plenty room for everything... private parking, backyard play area and a front yard to garden. You could not ask for more. Blocks away from the 3 train and the A train. Minutes away from the Gateway Mall, this is a true opportunity!
