

Note:
The heights noted are illustrative only and are included to give an approx. sense of the potential for combining properties to create a single floor plate with no steps.

These drawings are for illustrative purposes only and are based on a rough survey. The survey for these diagrams was incomplete owing to existing furniture, items stored and the inaccessibility of many spaces and properties. All dimensions need to be surveyed in the field. A full survey should be commissioned to verify dimensions and their relationship to lot lines and adjoining properties.
