Absolutely charming Kensington Townhouse! This rare jewel has the ideal combination of lovely original detail and tasteful modern updates. The winding staircase, French Doors, transoms and ceiling cove moldings are just a few of the original architectural details that remain. The perfect layout of the Parlor floor begins with a living room big enough for a loveseat, two chairs and a Baby Grand Piano and leads to a spacious dining room that flows right into the renovated kitchen with custom cabinetry and ceramic tile backsplash. If it's dining outdoors that you desire, a glass door in the kitchen leads to a deep back yard, perfect for grilling or gardening. The second floor is flooded with light from two huge skylights and has two and a half bedrooms and a slick, renovated bath with Maple shelving and gorgeous, hand made subway tile and modern fixtures. The versatile basement is currently used as a rec room with a laundry area and home office.
