Welcome home to this renovated and lovingly maintained two family frame house with a 2 bedroom owner's duplex and an income producing 2 bedroom on the second floor with separate entrance. Upon entering you will first encounter the large living room (great for entertaining) before passing a king-sized bedroom on your way through the dining room. Next is the eat-in-kitchen with tons of storage/cabinet space. Stop in the second bedroom for a peek at the ample closet space. No shortage of storage here. Before you reach the door to the fully tiled/landscaped back yard oasis, you won't fail to notice the luxurious bathroom with decadent jacuzzi tub for soaking away the troubles of your day. The finished basement was carefully designed with custom wood and tile work throughout, a full bath with standing shower, washer/dryer and plenty of space for a play room, office and additional storage.
